M&D Foundations is a leading UK provider of specialist piled solutions for problematic ground conditions. We are committed to providing our clients with the most suitable piled solutions to satisfy each site's specific requirements, delivered professionally, economically and within the timescales stated.

Top management recognise our responsibility to safeguard the Health & Safety of our employees and to ensure that all activities that we undertake are completed in a safe manner.

Our commitment is to:

- Establish, maintain and continually improve our Business Management System to comply with the requirements of BS ISO 45001. This will include the setting of annual BMS objectives with a focus on Health & Safety
- Comply with applicable legislation, regulations and industry codes of practice and seek to implement good practice
- Eliminate hazards and reduce Health & Safety risks for employees working on behalf of M&D
- Include employees in all aspects of Health & Safety, including consultation and participation through the H&S committee
- Monitor and continually improve our Health & Safety performance
