QUALITY POLICY

M&D Foundations is a leading UK provider of specialist piled solutions for problematic ground conditions. We are committed to providing our clients with the most suitable piled solutions to satisfy each site's specific requirements, delivered professionally, economically and within the timescales stated.

We recognise our responsibility to provide quality foundation solutions for our customers.

Our commitment is to:

- Establish, maintain and continually improve our Business Management System that complies with the requirements of BS EN ISO 9001
- Provide foundation solutions that comply with applicable legislation, regulations and industry codes of practice and implement good practice wherever possible
- Provide high quality foundation solutions that meet and where possible exceed customer expectation
- Invest in our employees to ensure excellence in our business operations
- Monitor and continually improve our quality performance
